Product features

- Three light modes; Bed lamp, Bright and High bright mode.
- Uses bright LED technology and produces 100% white light suitable for all indoor and outdoor activities.
- Simple in design that allows the lamp to be used as a table top lamp, a wall mounted lamp or floodlight.
- LEDs used are tough, long lasting, and don't fuse easily.
- Easy to operate and charge using the included 3 watt solar panel
- Ability to charge mobile phones using the supplied solar panel and optional adapter to support different mobile phones.

Product Benefits

- Saves money used to buy kerosene.
- Portable and useful for outdoor use such as by farmers working in the fields, cattle sheds etc.
- Good lighting source for women working in the kitchen, and children studying.
- Useful for increasing productivity in case of those pursuing small livelihood options as they can now work late into the night.
- Lights last for long hours, helping meet daily household lighting requirements.
- Uses freely available solar energy for charging.

- Zero emissions, and no smoke, fumes, soot, etc.
- No more health hazards like irritation in the eyes, cough, chest pain, breathing problems, etc., due to inhalation of toxic fumes from kerosene lamps.
- Charge mobile phones at no extra cost.
- Availability of all spare parts and good after sales support.

Product Specifications

- LED Wattage : 3 Watts
- Battery : 6V, 4.5 Ah SMF battery
- Solar Panel : 3 Watt, 6V
- ABS Plastic Body
- Microprocessor based electronic circuitry
- Optional Mobile charger and A/C Charger
- Product Warranty : 1 year on light and 6 months on battery.
